ABOUT

I am a front-end developer with experience in software engineering, passionate about applying technology to solve business problems. I enjoy implementing light and scalable solutions using the best Agile practices for the satisfaction I get by overcoming challenges. I am very flexible with different technologies, so I can learn and adapt to new environments quickly and build solutions around them.

PROFESSIONAL AND TECHNICAL SKILLS

- Over 3 years of Next.JS, React, Redux, JavaScript, TypeScript, RESTful APIs and UI development experience
- Over 4 years demonstrated experience using Vanilla Javascript, HTML5 semantic markup and CSS3
- Experience with legacy React applications using webpack and class-based components
- Detail-oriented when implementing interactive interfaces by translating design mockups/wireframes (Figma, Adobe Xd) and Building reusable codes and libraries for future use.
- Strong UI development experience with StoryBook, Material UI, Tailwind, Styled Components
- Experience with back-end technologies like NodeJS, Rest APIs, Express, PostgreSQL JWT and MongoDB
- Ability to understand business requirements and translate them into technical requirements.
- Exposure to cloud technologies like Azure DevOps, CI/CD pipelines tools like Docker, Version Control with Git and Github
- Experience with Agile teams in collaborative environments where effective communication is a hard requirement.

EXPERIENCE AND EMPLOYMENT HISTORY

DECAGON, Edo Tech - Park, Benin City — *(Front End Developer)*

DECEMBER 2021 - PRESENT

- Extensive interaction with the client on requirement gathering and estimation with JIRA for full-featured web applications; handled front-end architecture design; oversaw implementation using React, and TypeScript.
- Worked with the development team to design and implement web applications like: **Accessified, Fizido Wallet, Score Card and Fellowship website etc.**
- *Technologies used*: JavaScript, TypeScript, React, React Hooks, Redux, REST API, Tailwind CSS and Next JS.

Key achievement: Developed hands-on experience in new programming languages, increased project completion by 98%, increased problem-solving using algorithms by 78%, and cut downtime by 25%

TMB EXPRESS LTD, Gusau Nigeria — *Software Developer/Head of ICT (Contract)*

NOVEMBER 2020 - DECEMBER 2021

- Built an online web portal to ease digital logistic services, Provided technical assistance outside of 'standard working hours' to customers to assist with 'High Severity' product issues in order to deliver true customer delight & providing solutions in a timely and efficient manner.
- Contributed to the growth of the company by assisting in bringing in two new innovative features (USSD and SMS based mobile application that acts as a mobile marketing platform for logistic services).
- *Technologies used*: JavaScript, React, REST API, Bootstrap, NodeJS, Express, CSS, MongoDB and USSD.

Key achievement: Increased customer awareness of the brand and improved product sales by 60% after digital marketing.

AKBAR RELIANCE ENTERPRISES, Katsina — *Network Administrator/Asst. Manager.*

JULY 2019 - NOVEMBER 2020

Responsibilities as an Asst. Manager:

- Overseeing daily business operations, Developing and implementing growth strategies, Training students and staff, Creating and managing budgets, Hiring employees and Analyzing accounting and financial data.

As a Network Administrator:

- Installing and configuring computer networks and systems, identifying and solving any problems that arise with computer networks and systems, consulting with clients to specify system requirements and design solutions, budgeting for equipment and assembly costs, assembling new systems.

EDUCATION

Federal University, Birnin Kebbi — *B.Sc. Computer Science*

OCTOBER 2014 - NOVEMBER 2018, Birnin Kebbi - Nigeria
CGPA 4.23/5.00

AWARDS AND CERTIFICATIONS

- Nigerian Association of Computer Science Students' (FUBK Chapter) Service Award
- Students' Representative Council (FUBK) Service Award.

- Accelerated Jobberman Soft Skills Training   -   June, 2022
- Scrum Fundamentals Certified   -   April, 2022
- EF Standard English Test (EF SET)   -   April, 2022
- CCNA Routing and Switching   -   February, 2020
- Cisco IT Essentials and Cisco Introduction to Cybersecurity   -   September, 2019.

PROJECTS HIGHLIGHT

- Decagon fellowship programme portal - Decagon Nig. https://fellowship.decagonhq.dev/engineer/login
- Scorecard - Decagon Nig. https://astonishing-souffle-b0fb04.netlify.app/login
- TMB Catalog: https://tmb-catalogue.herokuapp.com/

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, HTML/CSS, SQL, *SASS/*SCSS
Framework and Libraries: Express, Node.JS, React.JS, Material UI, Next.JS.
Tools: Git, npm, yarn, JWT, Postman, Docker, CI/CD, PostgreSQL, MongoDB.
Others: REST API design, Azure DevOps, Jira, Redux and Redux toolkit unit and integration testing.

PERSONAL SKILLS

- Pair Programming
- Agile and Leadership Skill
- Strong team work ethics

- Networking and I.T Essentials
- Graphics Design
- Creative and Problem solving.
